

## Armoured Single Sheath

According to

**DW091**  
**DW171**

- > IEC 11801 2<sup>nd</sup> Ed.
- > EN 50173 2<sup>nd</sup> Ed.

## CONSTRUCTION (NOMINAL VALUES)

### DW091

### DW171

Optical Fibre	for colour see table below		check the Fibre Sheet	
<b>Central loose tube</b>	diameter	up to 12 fo	mm	2,5
jelly filled	diameter	up to 24 fo	mm	3,0
<b>Dielectric armouring</b>		up to 12 fo		4,0
		up to 24 fo		Glass
<b>Wrapping</b>	water block			Glass
<b>Metallic armouring</b>	corrugated steel tape			Aramid
				Aramid
<b>Outer Sheath</b>	Afumex®			yes
	Polyethylene			yes

### Outer diameter & weight

## About Us

Prysmian is a global market leader in optical cables, supplying a major part of the world's optical cable needs. With a strong heritage of highly advanced R&D, Prysmian is at the leading edge of the technology.

With a worldwide manufacturing presence in 12 countries and in 4 continents Prysmian's global experience and local manufacturing capacity is a significant force in the international marketplace, assuring continuity of supply and high level of service.

Prysmian's optical technology encompasses optical fibers, cables, connectivity, projects and services ensuring that not only the right cable but the right total optical communication system is matched to our customers' needs.

Prysmian offers a complete service from design planning, manufacture and installation through to technical support of commissioned cable networks. Planning and surveying are the cornerstone of our operation, with quality maintained through the expertise and dedication of all our staff working across the business to ISO 9001 and 14000 standards.

When a project is in Prysmian's hands, our customers can depend on a total quality service.

Specifications are subject to change without notice. Cable are designed and tested according to the main national and international specifications (IEC specifications).
