## PART III — NARRATIVE

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

General Cable Corporation (the "Company") is unable to file its Quarterly Report on Form 10-Q for the quarter ended June 28, 2013 on a timely basis for the reasons described below, which could not be eliminated by the Company without unreasonable effort or expense.

On October 29, 2012, the Company announced that it had identified historical accounting errors relating to inventory. The Company believes that the inventory accounting issues were, to a significant extent, attributable to a complex theft scheme in Brazil and, to a lesser extent, accounting errors, primarily in Brazil, affecting work in process and finished goods inventory that were not detected due to a deficient reconciliation process. As a result, on March 1, 2013, the Company filed amendments to its previously filed Forms 10-Q for the quarters ended March 30, 2012 and June 29, 2012 and to its Annual Report on Form 10-K for the fiscal year ended December 31, 2011 to restate the previously issued financial statements and related financial information contained therein. In addition, also on March 1, 2013, the Company filed its Form 10-Q for the quarter ended September 28, 2012.

As described in the Current Report on Form 8-K filed on July 31, 2013 by the Company, the Company is in the process of responding to certain comments received from the Securities and Exchange Commission ("SEC") with respect to its Annual Report on Form 10-K/A for the fiscal year ended December 31, 2011 (the "2011 Form 10-K/A"), which was filed on March 1, 2013. The comments relate to (i) restatement related disclosures in the Quarterly Operating Results (Unaudited) and Supplemental Guarantor and Parent Company Condensed Financial Information, and (ii) the method used to calculate the quarterly amounts reported in the Quarterly Operating Results (Unaudited) to reflect the correction of the inventory accounting errors. Although the comments were made with respect to the Company's 2011 Form 10-K/A, they impact the presentation of the Company's financial statements for the fiscal quarters ended March 30, 2012, June 29, 2012, and September 28, 2012.

In addition, the Company is evaluating a potential adjustment related to value added tax ("VAT") in Brazil that is associated with the theft of inventory. The Company requires additional time to fully evaluate and conclude on this VAT matter.

Due to the impact of the above matters on the presentation of the Company's financial statements in its Form 10-Q for the quarter ended June 28, 2013, the Company is unable to file its Form 10-Q for the quarter ended June 28, 2013 until the Company amends the Company's 2011 Form 10K/A and subsequent periodic filings. The Company is endeavoring to bring these matters to conclusion as quickly as possible and then will initiate the amendment of prior filings and the filing of the Form 10-Q for the quarter ended June 28, 2013. At this time, the Company is unable to represent that the Form 10-Q for the quarter ended June 28, 2013 will be filed on or before the fifth calendar day following its prescribed due date.

### Forward-Looking Statements
