November 5, 2026

Press Release

2027 CORPORATE EVENTS CALENDAR

The dates scheduled in 2027 for the Board of Directors to approve the financial results and for those results to be published are set out below.

The Board of Directors has confirmed its decision to approve and publish additional financial information for the first and third quarters, alongside the annual financial statements and half-year report. This additional information will cover the periods ending March 31 and September 30 and will be made available to the public, together with the accompanying report, within 45 days of the end of each period.

Conference calls to present the results will take place the day after the respective Board of Directors' meeting. The relevant press release will be published before each call, according to the following schedule:

2026 Integrated Annual Report (consolidated financial statements and draft financial statements of Prysmian S.p.A.)	**Board of Directors' meeting**	**March 3, 2027**
	Press release and conference call	March 4, 2027
First-quarter results*	**Board of Directors' meeting**	**April 29, 2027**
	Press release and conference call	April 30, 2027
Half-year financial report	**Board of Directors' meeting**	**July 28, 2027**
	Press release and conference call	July 29, 2027
Third-quarter results*	**Board of Directors' meeting**	**November 10, 2027**
	Press release and conference call	November 11, 2027

(*) Additional periodic financial information under Article 82-ter of Consob's Issuers' Regulation.

The Shareholders' Meeting to approve Prysmian S.p.A.'s financial statements for the year ended December 31, 2026, will be held on April 15, 2027, in a single session. Any dividend will therefore be paid in April.

Any changes to these dates will be promptly announced to the market.

Prysmian is the leading provider of solutions for energy and digital connections, delivering major electrical transmission projects on land and at sea, modernizing power grids, and unlocking renewable energy, electrification, and digital connectivity worldwide. The company[1] combines engineering excellence with sustainability-driven innovation, enabled by its approximately 40,000 employees, 140 production and distribution facilities and 32 R&D centers in over 50 countries. Prysmian is a public company, listed on the Italian stock exchange, and recorded 2025 revenues of approximately €20 billion.
