**PRYSMIAN GROUP TO CONTINUE BUILDING ON PARTNERSHIP  
IN SECOND SEASON WITH ANDRETTI FORMULA E**

**THE CABLE INDUSTRY WORLDWIDE LEADER TO RENEW SPONSORSHIP  
ALSO FOR THE 2023/2024 ABB FIA FORMULA E WORLD CHAMPIONSHIP**

**MASSIMO BATTAINI (PRYSMIAN GROUP CEO-DESIGNATE): "WE AIM AT REMARKING OUR ROLE AS  
AN ENABLER OF ELECTRIFICATION PROCESSES BY LEADING INNOVATION ALSO IN E-MOBILITY"**

**DOUG BRESNAHAN (CCO ANDRETTI GLOBAL): "WE ARE DELIGHTED TO WELCOME BACK PRYSMIAN  
GROUP, A GLOBAL LEADER IN ELECTRIFICATION AND A TRUE INNOVATOR"**

Milan, 13<sup>th</sup> December 2023 - Prysmian Group, world leader in the energy and telecom cable systems industry announce the renewal of the official partnership with Andretti Formula E also for the 2023/2024 ABB FIA Formula E World Championship, after an exciting Season 9 that culminated with Jake Dennis winning the Formula E Drivers World Championship.

"Cable and optical fibre technologies are key enablers of energy transition, electrification and digitalization processes. In particular, in the e-mobility industry they are essential for cars, charging infrastructures and related grid integration" stated Prysmian Group CEO-designate Massimo Battaini. "We have been the first cable maker to partner with a Formula E team as major sponsor, with the goal - as leader in the sector - of promoting innovation. We are excited to continue building on this partnership and join forces to continue creating value", Battaini added.

Prysmian Group will continue to support Andretti Formula E also by providing solutions for the transmission of power and information across all of the Team's sustainable electrification efforts. In Season 9 key innovations such as the in-garage PRY-CAM provided valuable energy-usage data and insights. The Andretti Formula E and Prysmian Group partnership is based on the shared core values of innovation, sustainability, challenge and performance, and the aim to keep on building these in their second season of partnership. With this initiative, Prysmian Group aims at further strengthening its "Sustain to Lead" strategy and value proposition of innovation and sustainable development also in the strategic sectors of e-mobility, renewable power transmission and distribution, and digital solutions.

"We are thrilled to welcome Prysmian Group back to the team. Staying one corner ahead of our competitors has always been a key element of Andretti's business success making partnerships with true innovators like Prysmian Group, a global leader in electrification with their cable products, a huge win for our organization. We're looking forward to an exciting Season 10, beginning with the season opener in Mexico City in January" said Doug Bresnahan, Chief Commercial Officer, Andretti Global.

Andretti Formula E heads into the highly anticipated landmark 10<sup>th</sup> season having already achieved 10 wins, 12 poles and a World Driver Championship with involvement in the series dating back to Formula E's inaugural race in 2014. The team will kick off Season 10 of the Formula E competition at the season opener in Mexico City on January 13, 2024.

Created in 2011, the ABB FIA Formula E World Championship is a single-seater motorsport championship for electric cars. Since the 2020-21 season, Formula E is a FIA World Championship, making it the first single-seater racing series outside of Formula One to be given world championship status.

**Prysmian Group**

Prysmian Group is world leader in the energy and telecom cable systems industry. With almost 150 years of experience, sales of over €16 billion, about 30,000 employees in over 50 countries and 108 plants, the Group is strongly positioned in high-tech markets and offers the widest possible range of products, services, technologies and know-how. It operates in the businesses of underground and submarine cables and systems for power transmission and distribution, of special cables for applications in many different industries and of medium and low voltage cables for the construction and infrastructure sectors. For the telecommunications industry, the Group manufactures cables and accessories for voice, video and data transmission, offering a comprehensive range of optical fibres, optical and copper cables and connectivity systems. Prysmian is a public company, listed on the Italian Stock Exchange in the FTSE MIB index.
